79. PREAMBLE

Every game organised under the auspices of FIBA Europe, be it at club or national team level, must adhere to same standards in regard to media operations and services as well as media related obligations of the organising Federation and/or club (“Organiser”) towards FIBA Europe / FIBA.

All media obligations described below may be subject to updates, based on decisions by the FIBA Europe Board or the evolution of the relevant competitions. The FIBA Communications office (communications-europe@fiba.basketball) shall inform the Organisers in due time of any such updates.

80. MEDIA AND BROADCASTING RIGHTS

FIBA Europe/FIBA is the sole owner of all media and broadcast rights for all FIBA Europe competitions, including all digital and betting/data rights, and it may, in its sole discretion, transfer part or all those rights to the Organisers.

The distribution or transfer of such rights will always be specified in writing in related event guidelines and/or manuals or clearly defined under the specific competition regulations.

FIBA Europe makes active use of modern technology for the promotion of the sport of basketball and the FIBA name, for example by means of websites, video material and/or social media. To that end, FIBA Europe has the right to use any basketball-related information material produced by or available from National Federations affiliated to FIBA, clubs, or LOCs including, but not limited to, results, photographs, films and other information on the basketball activities in the respective country/competition in printed form or by other electronic means (e.g. a National Federation’s, league or club website).

In the event that, for legal reasons, such use requires the consent of a particular individual, the National Federation or club involved must ensure that such consent is obtained from or waived by the individual.
